

What is The Education Plan?

The Education Plan (TEP) is a 529 Education Savings Plan administered by The Education Trust Board of New Mexico. It's a tax-advantaged way to save for education expenses, including tuition, room and board, books, fees and computer equipment at a four-year university, community college, professional school, or trade school. The money may be used at schools across the US, both traditional and online. Your account grows tax-free and withdrawals are tax-free if used for qualified higher education expenses. We help families prepare for and manage future education expenses and help reduce student loan debt.

Benefits

- Quick and easy account setup
- Helps reduce the burden of student loan debt
- Flexible use for any aspiring student, regardless of age, career path or socio-economics
- Only \$1 minimum contribution required
- One-time or recurring contribution options
- Contributions may be tax-deductible and grow tax-free
- Gift contributions for birthdays, holidays and graduations help fuel savings
- Ask your employer about payroll direct deposit options

[TheEducationPlan.com](https://www.theeducationplan.com)

WHAT IS A 529 COLLEGE SAVINGS PLAN?

It's a tax-advantaged way for families to save money for education-related expenses – including tuition, room and board, books, fees and computer equipment. “529” refers to the section of the IRS Code that created these plans.

Once money is contributed to the plan it grows tax free, and if it is used for education expenses it is distributed tax free.

THIS PLAN IS SPONSORED BY THE STATE OF NEW MEXICO?

Yes. The plan is overseen by the Education Trust Board of New Mexico – a state agency.

WHAT IS NM'S 529 COLLEGE SAVINGS PLAN CALLED?

New Mexico's plan is called “The Education Plan”.

WHY DOES THE STATE SPONSOR THE EDUCATION PLAN?

The underlying interest of the state is having more kids going on to higher education – and coming out of college with less debt.

CAN YOU USE THE MONEY IN YOUR TEP ACCOUNT FOR ANY SCHOOLS OR JUST FOR SCHOOLS IN NM?

Unlike the Lottery Scholarship, the money can be used for any school that is qualified to receive federal financial aid for its students. Beyond geography, it can be used for two- and four-year colleges as well as vocational schools. It can even be used for graduate and professional schools.

MANY STATES OFFER 529 COLLEGE SAVINGS PLANS. WHY IS NM'S PLAN DIFFERENT FROM OTHERS?

Contributions to the New Mexico plan are deductible on your NM state income tax return if used to pay for post-secondary educational expenses. That is not the case for out-of-state plans.

In addition, The Education Plan is among the lowest cost 529 plans in the country.

HOW IS THE MONEY PUT INTO THE PROGRAM INVESTED?

A TEP account is an investment account. When you open the account, you make choices about how you would like your funds invested. If you are comfortable with choosing investment options, you can customize your account from the investment options available in the plan.

If you prefer, you can choose year of enrollment options where you basically set it and forget it. The investments are more aggressive at the beginning and get more conservative as the year of enrollment grows closer.

If you are not comfortable making investment decisions the program also offers a default investment option.

CAN ANYONE OPEN AN ACCOUNT?

Yes. Anyone can open an account. Parents can open them for their children. Aunts and uncles can open accounts for their nieces and nephews. Grandparents can open accounts for their grandchildren.

You can open an account for anyone. You can even open an account for yourself - and put it towards your own education.

Another great feature is that family and friends can give a gift into your 529 account. This is great for birthdays, holidays and other special occasions.

SO, YOU DON'T HAVE TO BE RELATED TO THE BENEFICIARY?

You do not have to be related.

DO YOU HAVE TO LIVE IN NM TO OPEN A NEW MEXICO 529 PLAN ACCOUNT?

No. In fact, our program is very popular with out-of-state investors. Many of our accounts are from people in other states. The fees generated by these out-of-state accounts help us to keep costs low for our direct-sold plan.

HOW DOES SOMEBODY OPEN AN ACCOUNT?

Anybody can open an account online. You just go to TheEducationPlan.com. There are prompts there to take you through the process. You just need the beneficiary's social security number or TIN. It takes about 15 minutes. You can also speak with a call center representative at 1-877-337-5268.

HOW MUCH MONEY DO I NEED TO GET STARTED?

You can open an account with as little as \$1, and contributions can be made whenever the account owner chooses. There is no obligation to make contributions.

ONCE I OPEN AN ACCOUNT, HOW DO I ADD TO IT?

You can mail a check. But, the easiest way is to set up a link to your bank account. You can direct money to be sent on a regular basis or as often or as seldom as is comfortable for your budget. It could be monthly, or on birthdays and holidays, or just once a year in a lump. It's totally up to the account owner.

IS THERE ANY LIMIT ON CONTRIBUTIONS?

Once a beneficiary's account reaches \$500,000 in value you have to stop contributing. That is a very large sum, so as a practical matter, very, very few people ever get there.

WHAT IF THE CHILD I DESIGNATE AS A BENEFICIARY DECIDES NOT TO GO ON TO HIGHER EDUCATION?

You can designate a new beneficiary. There is quite a bit of latitude (according to IRS definitions) of who can be designated – essentially a relative of the child with one degree of separation up or down the family line.

SUPPOSE I JUST NEED TO GET THE MONEY BACK AND I TAKE IT OUT OF THE ACCOUNT— THEN WHAT HAPPENS?

The IRS makes you pay tax on any gains you have on the money plus a 10% penalty if you distribute funds for anything but qualified education expenses.

If you are a New Mexico taxpayer the tax authorities will require you to add back the deductions you took in prior years to your state taxable income in the year you take the non-qualified distribution.

DOES HAVING A TEP ACCOUNT AFFECT FINANCIAL AID?

529 accounts opened by parents are reported on the FAFSA as a parental asset. Parental assets are assessed at a maximum rate of 5.64% in determining the students Expected Family Contribution. All of which is to say, not a big impact.

YOU MENTIONED ENGAGING EMPLOYERS – CAN YOU TELL US A BIT ABOUT THAT?

Employers can offer TEP as a payroll direct deposit option. “If We Don’t See It, We Don’t Spend It!” Right?! So, for employers who have payroll systems that can direct funds out of a paycheck, they can help their employees contribute regularly to TEP accounts for their loved ones. It’s totally free for employers to do. They don’t have to do any government reporting. They don’t have to match. It’s a super easy tool for enhancing their benefits package and their employee morale.

THIS SOUNDS LIKE A BIG WIN FOR EVERYBODY?

The data tell us that with \$500 saved for higher education, kids are 3 times more likely to attend college and 4 times more likely to graduate. They know somebody believes in them. With that seed planted, dreams can grow.

COMENCEMOS CON LO BÁSICO: ¿QUE ES UN PLAN DE AHORROS 529?

Es una forma en la cual las familias pueden ahorrar con beneficios fiscales para gastos educativos - incluyendo colegiatura, alojamiento y alimentación, libros, cuotas adicionales y equipo computacional. "529" se refiere a la sección del Código del IRS que crea estos planes.

Una vez que se contribuye a este plan, el dinero aumenta libre de impuestos, y si se utiliza para gastos educativos se distribuye libre de impuestos.

¿ESTE PLAN ES PATROCINADO POR EL ESTADO DE NUEVO MÉXICO?

Sí. El plan es supervisado por la Junta de Fideicomiso de Educación de Nuevo México- una agencia estatal.

¿COMO SE LLAMA EL PLAN DE AHORROS UNIVERSITARIOS 529 DE NM?

El plan de venta directa de Nuevo México se llama "The Education Plan".

¿POR QUÉ THE EDUCATION PLAN ES PATROCINADO POR EL ESTADO?

El interés predisponente del estado es que más jóvenes continúen a la educación superior- y que salgan de la universidad con menos deuda.

¿SE PUEDE UTILIZAR EL DINERO DE LA CUENTA DE TEP PARA CUALQUIER ESCUELA, O SOLO PARA ESCUELAS EN NM?

A diferencia de las becas Lottery Scholarship u Opportunity Scholarship, el dinero se puede utilizar para cualquier escuela que califique para recibir ayuda federal financiera para sus estudiantes. Más allá de la geografía, se puede utilizar para universidades de dos y de cuatro años y para escuelas vocacionales. Inclusive se puede utilizar para escuelas profesionales y de posgrado.

MUCHOS ESTADOS OFRECEN PLANES DE AHORRO UNIVERSITARIO 529. ¿POR QUÉ ES DIFERENTE EL PLAN DE NM A LOS DEMÁS?

Las contribuciones al plan de Nuevo México son deducibles de su declaración de impuestos del estado de NM si se utilizan para gastos educativos de educación superior. Este no es el caso para los planes fuera del estado.

Además, The Education Plan es uno de los planes 529 más económicos del país.

¿COMO SE INVIERTE EL DINERO CONTRIBUIDO AL PLAN?

Una cuenta de TEP es una cuenta de inversión. Cuando se abre la cuenta usted elige como le gustaría que se inviertan sus fondos. Si usted se siente seguro de elegir opciones de inversión, usted puede personalizar su cuenta a partir de las opciones de inversión disponibles en el plan.

Si usted prefiere, puede elegir opciones de año de inscripción donde básicamente lo configura y lo olvida. Las inversiones son más agresivas al principio y se vuelven más conservadoras a medida que se aproxima el año de inscripción.

Si usted no se siente seguro tomando decisiones de inversión, el programa también ofrece una opción de inversión predeterminada.

¿CUALQUIER PERSONA PUEDE ABRIR UNA CUENTA?

Sí. Cualquier persona puede abrir una cuenta. Los padres pueden abrirla para sus hijos. Tías y tíos pueden abrirla para sus sobrinas y sobrinos. Los abuelos pueden abrir cuentas para sus nietos. Usted puede abrir una cuenta para quien sea. Inclusive puede abrir una cuenta para usted mismo- y aplicarla para su propia educación.

Otra gran característica es que los familiares y amigos pueden hacer un regalo a su cuenta 529. Esto es ideal para cumpleaños, días festivos y otras ocasiones especiales.

¿ENTONCES NO ES NECESARIO SER PARIENTE DEL BENEFICIARIO?

No es necesario ser pariente.

¿SE TIENE QUE VIVIR EN NM PARA ABRIR UNA CUENTA DE PLAN 529 DE NM?

No. De hecho, nuestro plan es muy popular con inversionistas de otros estados. Muchas de nuestras cuentas son de personas de otros estados. Las cuotas generadas por estas cuentas de otros estados nos ayudan a mantener los costos bajos para nuestro plan de venta directa.

¿COMO SE ABRE UNA CUENTA?

Cualquier persona puede abrir una cuenta por internet. Solo tiene que ir a TheEducationPlan.com. Allí hay indicaciones que le ayudaran con el proceso. Solo se necesita el número de seguro social o de TIN del beneficiario. Toma como 15 minutos. También se puede hablar con un representante de ayuda al cliente al teléfono 1-877-337-5268.

¿CUÁNTO DINERO NECESITO PARA EMPEZAR?

Se puede abrir una cuenta con tan solo \$1, y se pueden hacer contribuciones cuando el dueño de la cuenta guste. No hay obligación de hacer contribuciones.

¿UNA VEZ QUE ABRA UNA CUENTA, COMO LE AGREGO DINERO?

Puede enviar un cheque por correo. Pero la manera más sencilla es configurar un enlace a su cuenta bancaria. Usted puede designar que se envíe dinero con regularidad, o tan seguido o tan raramente como sea cómodo para su presupuesto. Puede ser mensual, en cumpleaños o días festivos, o solamente una vez al año en un pago único. Depende totalmente del dueño de la cuenta.

¿HAY ALGÚN LÍMITE DE CONTRIBUCIONES?

Usted tiene que dejar de contribuir una vez que la cuenta del beneficiario llega a un valor de \$500,000. Esta es una cantidad muy grande así que, de manera práctica, muy muy poca gente llega a esa suma.

¿QUÉ PASA SI EL/LA JOVEN QUE DESIGNÉ COMO BENEFICIARIO DECIDE NO CONTINUAR A ESTUDIOS SUPERIORES?

Usted puede designar un beneficiario nuevo. Hay bastante latitud (según las definiciones del IRS) de quien puede ser designado- esencialmente un pariente del/la joven a un grado de separación arriba o abajo de la línea familiar.

SUPONGAMOS QUE SOLO NECESITO RECUPERAR EL DINERO Y LO SACO DE LA CUENTA.

¿QUÉ SUCEDE?

El IRS lo obliga a pagar impuestos sobre cualquier ganancia que haya obtenido sobre el dinero, además de una multa de 10% si distribuye fondos para cualquier cosa que no sean gastos educativos calificados.

Si usted es contribuyente de Nuevo México, las autoridades tributarias le exigirán que agregue las deducciones que tomó en años anteriores a su ingreso imponible estatal en el año que realice la distribución no calificada.

¿EL TENER UNA CUENTA 529 AFECTA A LA AYUDA FINANCIERA (FINANCIAL AID)?

Las cuentas 529 abiertas por los padres son reportadas en el FAFSA como un activo parental. Los activos de los padres se evalúan a una tasa máxima del 5.64% para determinar la contribución familiar esperada de los estudiantes. Todo lo cual es para decir, que no es un gran impacto.

¿MENCIONÓ INVOLUCRAR EMPLEADORES- NOS PUEDE DECIR UN POCO SOBRE ESO?

Los empleadores pueden ofrecer TEP como una opción de depósito directo de nómina. “Si no lo vemos, no lo gastamos.” ¿Correcto? Así que para los empleadores que tienen sistemas de nómina que pueden dirigir fondos de un sueldo, estos pueden ayudar a sus empleados a contribuir regularmente a cuentas TEP para sus seres queridos. Es completamente gratuito para los empleadores hacerlo. No tienen que reportarlo al gobierno. No tienen que igualar la cantidad. Es una herramienta super fácil para mejorar su paquete de beneficios y la moral de sus empleados.

¿ESTO SUENA COMO UN GRAN TRIUNFO PARA TODOS?

Los datos nos dicen que con \$500 ahorrados para la educación superior, los jóvenes tienen 3 veces más probabilidades de asistir a la universidad y 4 veces más probabilidades de graduarse. Saben que alguien cree en ellos. Con esa semilla plantada, los sueños pueden crecer.

¿COMO PUEDEN APRENDER MÁS NUESTROS OYENTES?

Pueden ir a TheEducationPlan.com. También nos pueden llamar al 1-877-337-5268. Nos pueden invitar a ir a su lugar de trabajo o a algún evento que estén patrocinando.

We help businesses attract and retain the best employees.

Enabling employees to make deposits directly into their children's 529 college savings plans is easy to set up and at no charge to a company.
